

TANK TRACKER™

The Tank Tracker allows you to monitor specific operations of your plant on the go.

The Tank Tracker functions on any internet - compatible device connected to your corporate network and works seamlessly with the Safe State Solutions Tank Management System. Now you don't have to be physically at the plant to know the status of your tanks and silos.

With the Tank Tracker, you can:

- Observe tank and silo levels in real-time
- Keep track of important temperatures
- View instant error alerts
- Allow team access
- and more

Monitor Your Plant Anytime, Anywhere.

- Frac Sand
- Cement
- Fly Ash
